Demographic processes within migration

Migration and fertility

Choi, Kate H and Robert D Mare (2012). “International migration and educational assortative mating in Mexico and the United States”. In: *Demography* 49.2, pp. 449–476.

Parrado, Emilio A (2011). “How high is Hispanic/Mexican fertility in the United States? Immigration and tempo considerations”. In: *Demography* 48.3, pp. 1059–1080.

Davis, Jason and David Lopez-Carr (2010). “The effects of migrant remittances on population–environment dynamics in migrant origin areas: international migration, fertility, and consumption in highland Guatemala”. In: *Population and Environment* 32.2-3, pp. 216–237.

Kulu, Hill (2005). “Migration and fertility: Competing hypotheses re-examined”. In: *European Journal of Population/Revue européenne de Démographie* 21.1, pp. 51–87.

Friedlander, Dov (1983). “Demographic responses and socioeconomic structure: population processes in England and Wales in the nineteenth century”. In: *Demography* 20.3, pp. 249–272.

Migration, health and mortality

Riosmena, Fernando, Randall Kuhn, and Warren C Jochem (2017). “Explaining the immigrant health advantage: Self-selection and protection in health-related factors among five major national-origin immigrant groups in the United States”. In: *Demography* 54.1, pp. 175–200.

Palloni, Alberto and Elizabeth Arias (2004). “Paradox lost: explaining the Hispanic adult mortality advantage”. In: *Demography* 41.3, pp. 385–415.

Migration, aging and the life course

Vega, Alma and Karen Hirschman (2019). “The reasons older immigrants in the United States of America report for returning to Mexico”. In: *Ageing & Society* 39.4, pp. 722–748.

Ruiz, John M, Patrick Steffen, and Timothy B Smith (2013). “Hispanic mortality paradox: a systematic review and meta-analysis of the longitudinal literature”. In: *American Journal of Public Health* 103.3, pp. e52–e60.

Acevedo-Garcia, Dolores, Emma V Sanchez-Vaznaugh, Edna A Viruell-Fuentes, and Joanna Almeida (2012). “Integrating social epidemiology into immigrant health research: a cross-national framework”. In: *Social science & medicine* 75.12, pp. 2060–2068.

Feliciano, Cynthia (2005). “Educational selectivity in US immigration: How do immigrants compare to those left behind?” In: *Demography* 42.1, pp. 131–152.

Litwak, Eugene and Charles F Longino Jr (1987). “Migration patterns among the elderly: A developmental perspective”. In: *The Gerontologist* 27.3, pp. 266–272.
